Through visiting our Open House, you are able to learn about the 6 different camp programs offered at The Bridge Center before registration opens up, and have better knowledge of what program suits your camper the best!

We will be able to share with you the different activities that are offered for all campers, and the ways in which we adapt all programs to ensure our campers can participate!

We will have our staff available to talk about the registration process, enrollment process and related paperwork needed, and answer any financial questions you may have!
