

December 2018

Music, art, sports, cooking, archery, boating, fishing, swimming, horseback riding, biking, reading. Those are just some of the **recreational based activities** provided at The Bridge Center.

Decision-making, problem solving, following directions. Those are some of the **skills** participants are able to work on and develop while at The Bridge Center.

Socialization skills, relaxation techniques, transition strategies, independence. Those are involved in every aspect of The Bridge Center's program to help our participants **improve their self-awareness, their self-confidence, and improve their overall quality of life.**

The Bridge Center makes this possible to over 1,000 children and adults with disabilities year after year. With our facility and amazingly passionate staff, we are able to ensure all participants are able to **play, learn, and grow.**

With YOUR help this holiday season, we can continue to provide recreational opportunities for children and adults with disabilities:

- \$25:** purchases supplies for a social skills group
- \$50:** provides 6 weeks of Drums Alive for a loved one with special needs
- \$75:** enables a rider a to receive a private therapeutic riding lesson
- \$100:** gives a family and a child a full day of respite on a Saturday
- \$250:** allows a child to attend a full session of our social skills group
- \$500:** sends a camper to holiday camps for an entire year
- \$1,000:** allows someone to ride with our horses for the entire 2019 winter session!

Your generous support will ensure that children and adults of all abilities will be granted a place to participate in activities successfully, safely, and in an environment that cultivates happiness and positivity for all.

Warmest Wishes,

Jaclyn Ross
